## Alterations

### Quality Alterations, Timely, Professional Execution.

**More than 50 years of plumbing and heating alteration experience in NYC.** DeWaters Plumbing & Heating was founded in 1955. During that time the Company has built a strong reputation for integrity, reliability and high quality work and has successfully completed hundreds of large complex alteration projects.

**Many Long Term Relationships.** We work hard to build lasting relationships. Over the last 50 years we have built a substantial and diversified long time client base by being customer focused. Many of our alteration contracts result in repeat business and referrals because we listen to and understand our client's complex needs.

**Long Serving, Highly Trained Work Force.** DeWaters senior personnel have over 250 years cumulative plumbing and heating experience in the City of New York and many of our employees have worked with us for more than 20 years.

**Constant Focus on Quality and Attention to the Details.** Details, details, details; the difference between a good contractor and a great contractor. We insist that our entire organization always focuses on the little things and finishing jobs on schedule thereby minimizing call backs.

**Professionally Managed.** We employ best practices, the latest technology and insist on a high degree of professionalism in all areas of the Company.

**Strong Bonding and Insurance Capacity.** Because of our superior bonding and insurance track record and more than 50 years of experience, we have the ability to meet all strict project bonding and insurance requirements. In 50 years we have never had a major insurance claim or bonding issue.
